Unpath'd Waters is the debut instrumental album from acclaimed producer Paris Zax. Best known for his work with Busdriver and Shape Shifters, Paris brings you an amazing collage of hip-hop, jazz, blues and psychedelic rock, direct from the heart of Los Angeles underground hip-hop. Paris pulled some strings and recorded some of the best musicians in L.A. for Unpath'd Waters. Guests run the gamut from jazz legends like Snooky Young and Bob Elford, to Ozomatli guitarist Will Dog. Mixed to perfection by Daddy Kev. Be prepared to hear Paris Zax transcend genre boundaries, weaving a story of beauty and splendor like no one else can.
